The Rosé Bender in a sip:

Appearance: A clear pale coral.

Smell: Savoury with aromas of fresh red berries such as red currant.

Taste: Mouthwatering Rosé! It's dry and light bodied, easy to drink with crisp acidity and lushness.

Food pairing: Perfect for light summer food such as salads and tarts with goat cheese, soft cheese, grilled vegetables and lighter fish dishes.

Colleagues refer to Andreas Bender as a "Maverick from the Mosel." It is a fitting name for the unconventional and passionate winemaker. On one hand Andreas is very modern, especially in his label design, but also in the style of his wines. As much as Andreas wants to make complex, story worthy wines he also believes they should be fun to drink. Each glass is quit simply a celebration for your tastebuds! Both wine novices and ambitious wine drinkers alike are dedicated "Maverick of the Mosel" supporters. On the other hand, in contrast to his modern side, Andreas is also an absolute traditionalist who confidently believes in the "controlled doing nothing." He does not believe in manipulating the wine making process just to get a desirable, otherwise known as "trendy," flavour into the wine. Andreas has an impressive understanding of varietal and origin, enabling him to work with the grapes in a very natural way. His minimalistic, let nature run its course, approach governs the entire wine making season from vine to grape to bottle. Andreas founded his own winery in his home town, Leiwen, located directly on the Mosel. Here Riesling is king and is undoubtedly his passion. Like any entrepreneur he has many projects and produces wines in different locations, including the Pfalz. He also grows a few none traditional varietals to fulfil his curiosity. Are you up for a challenge? Try a German Cabernet Sauvignon or even Merlot! When Andreas Bender makes a wine it's impossible NOT to finish the bottle and reach for a second.
